REGORDS
OF THE
CONVENTION
OF THE
Psi Upsilon Fraternity,
HELD WITH THE
Psi Chapter,
Hamilton College,
Clinton, N. Y.,
Thursday and Friday, May 9 and 10,
1895.

No. XXIV of the Printed Series.
PUBLISHED BY THE EXECUTIVE COUNCIL.
The Sixty-second Year of the Fraternity.
1895.
The Convention, in the Lecture Room of the Stone Church, at Clinton, N. Y., was called to order at 10 a.m., by Bro. Herbert L. Bridgman (Gamma, '66), delegate of the Executive Council, who named Bro. H. Roswell Bates (Psi, '95), as Temporary President, and Bro. Clarence A. Fetterly (Psi, '97), as Temporary Recorder. The Temporary President having briefly welcomed the delegates to Clinton and to the Psi Chapter, appointed the following committees:

On Permanent Organization. Bros. J. B. Hone (B, '95), W. Warr (H), and W. F. Atkinson (Ξ, '95).

After a recess of fifteen minutes, the Committee on Credentials reported the following list of duly accredited Delegates:

Executive Council.—Herbert L. Bridgman (Γ, '66).
Theta.—W. L. Sawyer, '95; W. G. Brown, '95; Edward Shalders, '95; A. S. Derby, '96.

Phi.—E. C. Weeks, '95; W. H. Morley, '95; A. P. Jacobs, '73.
Pl.—T. L. Waugh, '98; W. H. Burgess, '95.
Chi.—W. F. Atkinson, '95.
Beta Beta.—Frank Sumner Burrage, '95.
Eta.—William Warr, Henry C. Johnson.
Tau.—Chester Nye Farr, Jr., James Madison Stifler, Jr.
Mu.—Lewis Schwager, '95.
Graduate.—F. B. Dains (Ξ '90).

The Report was accepted.
The Committee on Permanent Organization submitted the following report:

President,
HERBERT L. BRIDGMAN, (T '66).

Vice-Presidents,
BENJAMIN H. BAYLISS (A, '65).
E. C. WEEKS (F, '95).
C. W. FARR (T)

Recorder,
LOUIS K. R. LAIRD (Ψ, '97).

Assistant Recorders,
J. P. MORSE, F. S. BURRAGE (B B).

The report was accepted, and upon taking the chair the President stated that the rules of the Convention 1892 would, unless there was objection, be adopted.

The Annual Communication of the Executive Council, (see Appendix A) having been read, the President announced the following Committees:

On The Annual Communication.—Bros. C. N. FARR, Jr. (Τ), B. H. THORP (Ψ, '95), L. SCHWAGER (Μ), W. WARR (Η), and F. B. DAINS (graduate).

The President laid before the Convention petitions from the Rho Kappa Upsilon Society, of the University of Wisconsin, (Appendix B), from the Omega Club, of the University of Chicago (Appendix C), from the Eulexian Society (Appendix D) and the Kappa Gamma Chi Society (Appendix E) of St. Stephen's College, at Annandale-on-the-Hudson; from the Lambda Kappa Society, of the Case School of Applied Sciences, Cleveland, Ohio (Appendix F); and from the Excelsior Literary Circle of Colgate University, at Hamilton, N. Y. (Appendix G), for Chapters of the Fraternity, all of which, with accompanying documents, were referred to the Committee on New Business; and the Annual Communication of the Executive Council to the Committee on the Communication.

Recess.

Upon reassembling, the Chairman of the Committee to Nominate an Executive Council reported from that Committee for members of the Council for the ensuing year: Bros. Herbert L. Bridgman (Τ '66), Francis S. Bangs (Α '78), Benjamin H. Bayliss (Α '65), William M. Kingsley (Α '83),
and Frank L. Hall (B '72), which report, Vice-President Weeks in the chair, was unanimously agreed to.

The President also presented a final report from the Committee on Ritual of the Convention of 1893 (see Records of 1894), together with certificates of the adoption by all the Chapters, except the Lambda, of the Coats of Arms submitted by that Committee, all of which were referred to the Committee on Unfinished Business.

The Committee on the Annual Communication reported General Resolutions Nos. 1, 2 and 3, and Special Resolutions Nos. 1 and 2 (see pages 7 and 8), all of which, under suspension of the rules, were unanimously adopted.

Bro. Dains offered General Resolution No. 11, which was referred to the Committee on New Business.

The Chairman of the Committee on Unfinished Business read a letter from the Chairman of the Committee on Ritual (see Appendix H) and presented the following report, which was unanimously adopted:

The Committee on Unfinished Business recommend that the report of the Committee on Heraldry and Ritual be accepted, and that a vote of thanks be extended to them for their labors. The Committee further recommend that a vote of thanks be extended to Bro. Jacobs (P, '73), for his gift of $250 to defray the expenses incurred in preparing the armorial bearings of the various Chapters, and for his untiring efforts to secure satisfactory heraldic devices for the Fraternity. The Committee also recommend that the design submitted to the Lambda Chapter for the coat of arms of that Chapter be accepted by them. The Committee recommend that the resignation of Bro. Jacobs, from the Committee on Heraldry and Ritual be accepted, and that another member of the Fraternity be appointed in his place, and that Bro. K. P. Harrington (E, '82), be appointed Chairman of the above Committee.

The Committee also reported General Resolution No. 4, which was, under suspension of the rules, unanimously adopted.

The Committee on New Business presented General Resolution No. 5 (see page 7), which was adopted by the following vote:

_Aye._—Theta, Delta, Beta, Sigma, Gamma, Zeta, Kappa, Psi, Xi, Upsilon, Iota, Phi, Pi, Chi, Beta Beta, Tau, Mu, Graduate Delegate—19.

_No._—Lambda—1.

The Committee also reported General Resolutions Nos. 6, 7 and 8 (see page 7), all of which were adopted, the Zeta and Lambda not voting.

The Committee also reported General Resolution No 9, as follows:

_Resolved_, That Committee be appointed by the President to investigate the petition of the Lambda Kappa Society at the Case School of Applied Sciences, and that it report to the Executive Council.

Bro. Atkinson (X) spoke in favor of this resolution, which, after discussion, was adopted by the following vote:

_Ayes._—Theta, Delta, Beta, Sigma, Gamma, Zeta, Lambda, Kappa, Psi, Xi, Upsilon, Iota, Phi, Pi, Chi, Beta Beta, Eta—18.

_No._—Graduate Delegate, Tau—2.

The Committee also reported Special Resolutions Nos. 3 and 4 (see page 8), which were unanimously adopted.
Upon motion the Convention took a recess, during which the delegates were addressed by Rev. Father Watson in favor of the petition from the Eulexian Society of St. Stephen's College, and by Francis J. Hopson Esq., in favor of that from the Kappa Gamma Chi Society of the same College.

Upon re-assembling the Committee on New Business reported General Resolution No. 10, (see page 10) which was adopted by the following vote:

\[ \text{Ayes.} - \text{Theta, Sigma, Zeta, Kappa, Psi, Upsilon, Iota, Phi, Pi, Chi, Graduate Delegate—11.} \]

\[ \text{Nos.} - \text{Delta, Beta, Gamma, Lambda, Xi, Beta Beta, Eta, Tau, Mu—9.} \]

Upon the motion of Bro. Judkins (\( \Xi \)) the vote adopting General Resolution No. 9 was reconsidered, and, after further discussion, the report of the Committee was disagreed to, and the Resolution lost by the following vote:

\[ \text{Ayes.} - \text{Lambda, Psi—2.} \]

\[ \text{Nos.} - \text{Theta, Delta, Beta, Sigma, Gamma, Zeta, Kappa, Xi, Upsilon, Iota, Phi, Pi, Chi, Beta Beta, Eta, Tau, Mu, Graduate Delegate—18.} \]

The delegates from the Pi, Chi and Sigma, in accordance with Special Resolution No. 1, addressed the Convention, in explanation of the reduction of membership in the several Chapters, the statements being satisfactory to the Convention, and indicating that the causes of the decline in membership in the Chapters were temporary, and not within the control of their members.

Adjourned to Friday morning at 9 o'clock.

**FRIDAY MORNING, MAY 10, 1895.**

The Convention was called to order by Vice President Bayliss, the minutes of the previous sessions read, and approved.

General Resolution No. 13, (see page 8) offered by Bro. Dains, was, under suspension of the rules, adopted.

Bro. Stout from the Committee on New Business, reported General Resolutions Nos. 11 and 14 (see page 8), which were unanimously adopted. Special Resolution No. 7 (see page 9), was also agreed to, and President M. Woolsey Stryker, of Hamilton College, then addressed the Convention. Special Resolution No. 8, offered by Bro. Farr, was unanimously adopted, and in accordance with it, Bro. Stout, of the Lambda, stated the position of that Chapter on granting a charter to the University of Michigan. Bros. Schwager, Tourgee, Brown, Atkinson and Bayliss followed with remarks in favor of the petition. Bro. Stout then presented General Resolution No. 13 (see page 8), and Special Resolutions Nos. 8 and 9 (see page 9), all of which were unanimously adopted, and on motion of Bro. Brown the Convention adjourned, *sine die*.

RESOLUTIONS ADOPTED.

GENERAL RESOLUTIONS.

General Resolution No. 1.—Resolved, That the Executive Council be directed to issue the first number of the "Annual Bulletin" of the Fraternity as provided for by General Resolution No. 6, of the Convention of 1892, on the first day of January, 1896, said Bulletin to contain the names, dates of initiation, and latest known residence of all present initiates, not included in the last General Catalogue, and also the name, date and place of death of all members concerning whom such facts have not appeared in the last General Catalogue, and

That the form of said Annual Bulletin be left to the discretion of the Executive Council.

General Resolution No. 2.—Resolved, That the Treasurer's report and the table of membership be accepted as correct.

General Resolution No. 3.—Resolved, That the Executive Council be, and hereby is authorized to levy a tax of one dollar ($1.) per active mem ber, for the general purposes of the Fraternity.

General Resolution No. 4.—Resolved, That the Executive Council be and hereby is authorized to copy and then to publish the system of heraldry recently adopted for the purpose of the Fraternity, and to file a copy thereof in such libraries as the Council may select.

That each Chapter is requested to use its coat of arms in the publications of its college, so far as practicable; that permission as to any other use of such coats of arms be left to the discretion of the Executive Council; and

That the Executive Council retain the original cuts of the shields, and furnish each Chapter with a duplicate of the shield of that Chapter, at the cost of making the same.

General Resolution No. 5.—Resolved, That a charter be granted to the petitioners of the Rho Kappa Upsilon Society at the University of Wisconsin, and that the matter be laid before the Chapters at once.

General Resolution No. 6.—Resolved, That a charter be denied to the petitioners of the Eulexian Society at St. Stephen's College.

General Resolution No. 7.—Resolved, That a charter be denied to the petitioners of the Kappa Gamma Chi Society at St. Stephen's College.

General Resolution No. 8.—Resolved, That a charter be denied to the petitioners of the Excelsior Literary Circle at Colgate University.

General Resolution No. 10.—Resolved, That a charter be granted to the Omega Society at the University of Chicago.

General Resolution No. 11.—Resolved, That this Convention favors an amendment to the Constitution of the Psi Upsilon Fraternity whereby the Executive Council may be enlarged so as to meet the increasing demands made by the constant growth and development of said Fraternity; that
the Executive Council devise and submit to the various Chapters for notification such plans as will place more responsibility and authority in the hands of our graduate members.

General Resolution No. 12.—Resolved, That the Executive Council be empowered to decide on the time and place of the next Convention.

General Resolution No. 13.—Resolved, That the Executive Council be and hereby is requested to visit by one or more of its members each Chapter annually at such time as may be found mutually convenient.

General Resolution No. 14.—Resolved, That the Executive Council be empowered to select a uniform pin to be adopted by all the Chapters.

SPECIAL RESOLUTIONS.

Special Resolution No. 1.—Resolved, That the Convention again recommends to the Chapters that Nov. 24, of each year, established at the last Convention as Founders’ Day, be appropriately recognized by each Chapter.

Special Resolution No. 2.—Resolved, That in view of the suggestions contained in the Annual Communication of the Executive Council, in regard to the falling-off of membership during the past year in the Chi, Sigma and Pi Chapters, and as this is a matter touching the most vital interests of the Fraternity, it be the sentiment of this Convention that statements in explanation of this falling-off be given the Convention by the delegates from the Chapters so concerned.

Special Resolution No. 3.—Resolved, That the Convention extends to President M. Woolsey Stryker, of Hamilton College, its respectful salutation, and invites him to honor it with his presence, at the time to him most convenient; that the Recorder of the Convention acquaint President Stryker of its action, and report at what time he will visit it.

Special Resolution No. 4.—Resolved, That the President is authorized to send the following telegram:

Clinton, N. Y., May 9.

Julius H. Seelye, Amherst, Mass.,
The Psi Upsilon Convention extends to you the sympathy of the whole Fraternity, and its earnest hope for your early and complete recovery.

Herbert L. Bridgman, President.

Special Resolution No. 5.—Resolved, That the Convention tenders its sincere thanks to the Psi Chapter for their cordial hospitality to the delegates.

Special Resolution No. 6.—Resolved, That the Convention extends its thanks to its President and Recorders.

Special Resolution No. 7.—Whereas, It has pleased God in his infinite wisdom to call from our midst one of our beloved and loyal brothers, John W. O’Brien, be it

Resolved, That this Convention of Psi Upsilon express their sympathy to the Psi Chapter, and to his immediate family; that in the death of this
brother, the Fraternity has lost a distinguished and devoted member, and that these Resolutions be transmitted by the Recorder to the Psi Chapter and the relatives.

*Special Resolution No. 8.—Resolved,* That, inasmuch as the Lambda Chapter has thoroughly investigated the feasibility of establishing a Chapter of the Psi Upsilon Fraternity at the University of Wisconsin, and as said Chapter has found good and sufficient reasons for acting against the introduction of a Chapter at that University; that the official delegate from the Lambda give the delegates from the various Chapters here represented the benefit of the investigation made by the Lambda, so that the various Chapters may act with greater intelligence on the matter in future.
(APPENDIX A.)

THE ANNUAL COMMUNICATION OF THE EXECUTIVE COUNCIL TO THE CONVENTION OF 1895.

I. Membership. The active membership of the Fraternity on February 1, 1895, according to the annual reports, was 469, a net decrease of fourteen during the year. The decrease of eleven in the Chi, and of seven in the Sigma and Pi, respectively, appears, in the opinion of the Council, to require an explanation from those Chapters. The Council has not during the past year deemed it necessary to employ an assistant secretary, and therefore the Membership Roll and Card Catalogue have not been perfected to date. It is the purpose of the Council to resume work upon both. The Council recommends the early publication of an Annual Bulletin, as provided for by Resolution No. 6, of the Convention of 1892, and suggests that the Convention fix a date for the initial number.

II. The Universities of Wisconsin and Chicago. The application for a Chapter of the Fraternity at the University of Wisconsin, at Madison, Wis., has been denied by the following vote: Beta, Beta Beta, Gamma, Delta, Zeta, Eta, Theta, Iota, Kappa, Mu, Chi, Pi, Sigma, Tau, Upsilon Phi, Xi, Chi and Psi, Aye; Lambda, Nay. A new petition for the establishment of a Chapter at that University is herewith presented. The petition for the revival of the Omega Chapter, at the University of Chicago, has also been denied by the following vote: Beta, Beta Beta, Zeta, Theta, Iota, Kappa, Mu, Pi, Sigma, Upsilon, Phi, Chi and Psi, Aye; Gamma, Delta, Eta, Lambda, Xi and Tau, Nay.

III. St. Stephen’s College. The Council has received petitions which, with accompanying documents, are herewith transmitted, for the establishment of a Chapter of the Fraternity at St. Stephen’s College, Annandale-on-the-Hudson, N. Y.

IV. Founders’ Day. The sixty-second anniversary, November 24, 1894, of the founding of the Fraternity (Founders’ Day), was, in accordance with a resolution of the last Convention, properly observed by the Psi Upsilon Club of New York City. Rev. Dr. Samuel Goodale, one of the four survivors of the seven Union students who organized the Fraternity, came from his home in Rapid City, S. D., and made an address of exceptional interest. Rev. Dr. Goodale also visited the Lambda, Delta, Beta, Beta Beta and Xi Chapters, and, in a recent note, sends, through the Council, to the Convention, his cordial congratulations on the success of the Fraternity, and wishes for its continued prosperity. The Council commends to the Chapters the appropriate and regular recognition of “Founders’ Day.” Other graduate incidents during the year, deserving of record, are the reunion dinners of the Boston and Philadelphia Associations, and the celebration by the Phi of its thirtieth anniversary.
V. **Song Book.** Fifteen copies of the Song Book were sold during the past year.

VI. **Psi Upsilon Club of New York City.** The Psi Upsilon Club has removed from its home of ten years, 33 West Forty-second street, to 64 West Thirty-ninth street, a location equally central and eligible. The Club has been an influence of marked value in promoting the interests and efficiency of the Fraternity and its graduate work in New York, and is entitled to the cordial support and recognition of the entire Fraternity. During the summer of 1894 it displayed its colors, the first official flag of the Fraternity, at Anniversary Lodge, North Greenland, 77.40 north, and Cape Faraday, Ellesmere Land, in the same latitude. The Council commends to the active members, graduating and taking residence in New York, the usefulness to them of the Club, and in return the opportunity to advance the interests and welfare of the Fraternity by active membership in this organization.

VII. **Annual Tax.** The Treasurer's statement, showing the financial condition of the Fraternity at the present time, is herewith transmitted. In the opinion of the Council, the regular tax of $1. per active member will be sufficient for the general purposes of the Fraternity for the ensuing year.

**Herbert L. Bridgman,**
**Francis S. Bangs,**
**Benjamin H. Bayliss**
**William M. Kingsley,**
**Frank L. Hall.**

To the Executive Council of the Psi Upsilon Fraternity.

Gentlemen:—Your petitioners, Harry Wheeler Stone, Ralph Hiram Johnson, Horace R. Dougherty, Philip Rand, William Scott Bond, Oswald Arnold, Raymond W. Stevens, Louis Wolff, Jr., Robert N. Tooker, students at the University of Chicago, respectfully represent that, acting upon the advice of the Committee appointed by the Psi Upsilon Fraternity in 1893, to investigate and report upon the advisability of establishing a Chapter of said Fraternity in the University of Chicago, they formed and are maintaining an organization known as the "Omega Society;" that in selecting their membership they had in mind the high standing of the Psi Upsilon Fraternity, their ultimate purpose being to petition for a Chapter of the same to be established at said University.

Your petitioners further state that they have complied with all the regulations of the University relating to Greek Letter Fraternities; that they have a suite of rooms where they hold their meeting; that they are heartily supported by the alumni of Chicago and vicinity, the Psi Upsilon members of the Fraternity, and the Psi Upsilon graduate students at the University, and that they are thoroughly organized for Chapter work.

Wherefore, Your petitioners, fully realizing the magnitude of their request, respectfully ask that your Fraternity grant unto them a charter for a Chapter, to be known and recognized as a revival of the Omega Chapter of the Psi Upsilon Fraternity, which existed in the University of Chicago from 1869 to 1886, hereby pledging themselves, should their request be granted, to maintain in such Chapter the high character of the Fraternity.

Harry Wheeler Stone, Ralph Hiram Johnson, Raymond W. Stevens, Oswald James Arnold, Philip Rand, William Scott Bond, Robert Newton Tooker, Horace Raymond Dougherty, Louis Wolff, Jr.,
To the Honorable Officers and Members of the Executive Council of Psi Upsilon Fraternity.

Acting under the authority of the Eulexian Society of St. Stephen's College, and in accordance with instructions embodied in a resolution passed at the 1051st regular meeting of the Society, held on the fifth day of April, 1895, we, the undersigned, do hereby respectfully petition your honorable body to grant to the Eulexian Society a charter as a Chapter of the Psi Upsilon Fraternity, to be known by the name of the Eulexian Chapter, or by such other designation as may be in accordance with the laws and usages of your Fraternity.

In support of our petition we beg leave to present the accompanying statement of facts:

I. St. Stephen's College has reached a point in her history when all question as to her future life and growth has ceased. Beginning in 1860 with twenty acres of land and the College Chapel—both the gift of Mr. John Bard—steady progress has been made until, with $400,000 worth of property, over $100,000 of permanent endowment, and an able and devoted corps of professors, the progress and prosperity of the institutions are assured. We respectfully call your attention to the list of names of the Board of Trustees as guarantee of wise and conservative management. The fact that over $100,000 has been given within the past five years by the Rev. Dr. Charles F. Hoffman, and that the same gentleman has erected at his own personal expense the new Hoffman Library building, costing $100,000, and that other gifts are being received from time to time, give evidence that St. Stephen's has taken firm root in the confidence and interest of the Church. That 250 of her alumni and special course men are now in Holy Orders, with creditable records as able, earnest, loyal and successful clergymen of the Church, goes to prove the value and thoroughness of her work in the past. Her men have stood side by side in the general theological seminary and elsewhere with men from universities and colleges in all parts of the land; and the records of the seminary prize examination and the general standing will show that they have given abundant evidence of power to hold their own.

Applications for admission to the College are regularly double the number of those who can be received. And all this has been the result of steady and natural growth, with no attempt on the part of the authorities of the College to win a place for the institution by anything but earnest work and quiet performance of duty.

II. The history of Eulexian Society has, since its organization in the autumn of 1860, been closely connected with that of the College. The founders of the Society were Messrs. Ellis A. Bartlett, Francis Hanson and Richard B. Post. For thirty-five years since that time its steady aim and efforts have been to include, among its members, the men in College who were first in intellectual ability, in loyalty to the College, in high moral tone, and in faithfulness to the teachings of the Church, for whose ministry a majority of them were to be trained. We believe that during these years the Eulexian has constantly held the confidence and respect of the Warden and Faculty, and that her work in literary pursuits, and in fostering among her members an attachment to the best interests of the College, has been recognized as a steady power for good.
Numbering among her members a large proportion of the earlier graduates of St. Stephen's, the Society has been the centre about which has gathered a constantly increasing interest in all that pertains to the welfare of the College. Two other societies have since 1860 been organized, the K Φ X, and the Philogian (now Σ Φ Chapter of Σ A E). Since that time in the face of keen rivalry naturally engendered, the Eulexian has without lowering its standard of admission fairly and constantly held its own, with an average active membership of twenty-five. This has been accomplished, not by seeking to secure members at the expense of strength, but by striving to produce integrity of character, and to inculcate purity of heart and life. Her work moreover has been largely literary, consisting in debates, orations, essays, extemporaneous speaking, etc. Whenever men have shown themselves unworthy of confidence or unwilling to labor for the interests of the Society, their names have been stricken from her roll. And so our alumni list bears the names of those only who have run the gauntlet of her test and proved themselves good men and true. We believe that should you grant the charter for which we ask, these traditions will insure a careful guarding of our membership, and that the standing of the Psi Upsilon will give us the absolute choice of the best material among the men who enter College.

Until the year 1873 the Society was an "Open Literary Society," with the avowed purpose of cultivating oratory and debate, and to the training received in her halls has been largely due whatever has come to her members of success as public speakers, and of practical knowledge of parliamentary proceedings. About this time, by natural growth and the strengthening of personal friendship among active members and alumni, the Society began to take on more and more of the nature of a Fraternity and in 1876, without change in its literary work and character, became a secret society, adding to its expressed purpose "The strengthening of those ties which bind its members in a common fellowship."

Since 1876 the alumni reunion of the Society, held in the College dining-hall on the night before commencement, has become an established custom. At these reunions are gathered not only the active members and alumni of the Society, but, as honorary members, the Warden and members of the Faculty, the Bishop of the Diocese members of the Board of Trustees, and prominent guests of the College. We believe that the Society has thus established such a relation to those who represent the different departments of the College life as will insure in the future a continued adherence to the traditions of the Society which have always led its members to preserve, by every effort, the respect and confidence of those whose position in the Church and community entitles them to speak for St. Stephen's, and who are giving it their support.

We herewith submit a list of the alumni of the Society, a copy of its diploma with statement of conditions on which it is granted, a list of the prize men, endorsements of members of the Faculty, and of representative alumni of the College and Society, and the current College catalogue with the names of those Eulexians checked who have won honors in their College course. As facts which the official books of the College substantiate we present the following:

Of the two hundred and seventy-two (272) men graduated, one hundred and fifteen (115) are Eulexian men, or forty-two per cent. Of the fifteen primi graduated as such from their classes ten or two-thirds are Eulexians. Of the fourteen (14) graduated as secundi of the classes nine (9) are Eulexians, while of the three hundred and nine (309) prizes awarded since the
foundation of the College one hundred and eighty-three (183) have been to Eulexian men or about sixty per cent.

From our own records we can quote the names of one hundred and forty-two alumni of whom seventy-eight are clergymen, and a present active membership of twenty-two. We are incorporated under the laws of the State of New York for the purpose of building and owning a Chapter house. Our plans call for a five thousand dollar building, of which sum we have on hand nine hundred and twenty-six dollars ($926).

Sincerely trusting that this petition will receive favorable consideration at the hands of your honored body, we beg to remain,

Most respectfully yours,

SETH WOLCOTT LINSLEY,
GEORGE A. GREEN,
THOMAS PAUL MASLIN.

To The Executive Council of Psi Upsilon:
New York City, N. Y.

Gentlemen:—The Kappa Gamma Chi of St. Stephen's College, Annandale-on-Hudson, New York, hereby makes application for membership in the Psi Upsilon Fraternity.

St. Stephen's College was founded in 1860. It is under the jurisdiction of the Diocese of New York, and is a member of the State University-Board of Regents.

The College has in view especially, the training of young men for the ministry; and almost all the students there are looking forward to the study of theology. The curriculum is arranged with respect to that purpose. (No theology, however, enters the course of study in the College.)

The following subjects are called for in the course: Ancient Language and Literature, especially Greek; Rhetoric, Logic, History, English Language and Literature; Philosophy of the Human Mind, Moral Philosophy, Mathematics and the Philosophy of Wateral Nature. The same course could be chosen in the large and old colleges; the difference is that in St. Stephen's, the student is confined to this course, while elsewhere, he could vary it or give it a wholly different character.

Therefore, a man graduating A. B. at Annandale has an education which is regarded and known as a liberal education, and its degree is received on an equality with all the colleges of the middle states Collegiate Association.

Admission is by examination, except that a Regent's Certificate is accepted.

For Course of Study, the enclosed catalogue may be seen.

The College has a landed property of about thirty acres of ground, beautifully located; a handsome stone College Chapel, consecrated in 1860; Aspinwall Hall, erected in 1861; Ludlow and Willink Hall, built in 1869; Preston Hall, in 1873; H. Potter Hall and McVicker Hall, 1885; two Hoffman Halls, 1892; Building for Recitation and Reading Rooms, and Observatory with Telescope.

The new Hoffman Library, the gift of the Rev. C. F. Hoffman, D. D., D. C. L., of New York, has just been opened. This building is one of the handsomest on the Hudson River, and upon it the sum of $80,000.00 has already been expended.

The College has many friends and supporters, and it has been placed upon a firm foundation, and is accomplishing, in an admirable manner, the educational duties committed to its charge.

The Rev. C. F. Hoffman, D. D., D. C. L., of New York, has given about $200,000.00 to the College.

The College is securely established, and though of comparative brief history, can point to two hundred and fifty of her graduates in Holy Orders, and gives every promise of a steady upward course in the years to come.

The Kappa Gamma Chi is a local society, established in 1868. It has always maintained its character as a strictly secret organization of high tone and standard. It has been conservative throughout, and the membership has been restricted to the choice men of the College, from a literary and social standpoint. It has always been the smallest of the College societies for the reason that quality and not quantity has been sought.
The Active Membership numbers to-day fourteen. From ten applications for membership made this year only four men were elected, as up to the standard.

Seventy-five per cent. of our Alumni are in Holy Orders, and are doing faithful work in various positions in the Church.

The members continue to take active and high standing in all movements in the College life.

The Building Fund for a Chapter House has already reached $3,000.00, and it is hoped that the corner-stone will be laid by 1896.

This application to Psi Upsilon is made at the unanimous vote of the active and passed members of the Kappa Gamma Chi. It is our desire to enter Psi Upsilon, because we recognize in her the leading College Fraternity in the country.

Fraternities have already made advances to the local societies of St. Stephen's, and Sigma Alpha Epsilon has already entered.

We earnestly believe that the Fraternity life will rapidly spread throughout the College. And that, as a Chapter of Psi Upsilon, we would continue to hold the leading place among Fraternities and Societies of this College.

We desire this petition to include passed as well as active members of Kappa Gamma Chi.

We beg the favor of a thorough investigation of the claims herein made, and Kappa Gamma Chi will be glad to furnish every opportunity for such investigation, whether official or personal.

Kappa Gamma Chi occupies the unique position of never having solicited a single one of its members to join—in every case the man has sought the society.

(Signed.)

To the Honorable Body, the Psi Upsilon Fraternity Convention, at Clinton, N. Y., 1895.

... We, members of the Lambda Kappa Society at Case School of Applied Science, being organized and existing for the purpose, request to be chartered as a Chapter of the Psi Upsilon Fraternity, and submit the following to your attention:

Case School of Applied Science, founded in 1881, is an institution of learning and science, offering courses in Modern Languages, Literature, Political Economy, Natural History, Geology, Physics, Astronomy, Chemistry, Architecture, and Civil, Mechanical, Electrical and Mining Engineering. Its endowment is now between two and three million dollars, and is rapidly increasing, the income therefrom being sufficient to provide a building and extension fund of over twenty-five thousand dollars annually, in addition to current expense. The present buildings are a main recitation hall, costing one hundred and thirty thousand dollars; a chemical laboratory, costing sixty thousand (second only to that of Cornell); a mechanical laboratory, costing without equipment thirty thousand, and a mining engineering laboratory, and annex to previous building. During the coming year an electrical laboratory costing twenty-five thousand dollars without equipment will be erected and plans have been drawn for an observatory to cost fifty thousand dollars.

In addition to these a gymnasium will be built in the near future costing twenty-five thousand dollars.

The number of students is two hundred and twenty-five, the average increase for the last six years having been twenty-five per cent. The policy of the trustees and faculty has been very conservative, being calculated to insure a certain and steady growth. During the last year the running expenses were about eighty thousand dollars, a large amount of fine apparatus having been purchased for the physical laboratory.

This society was organized November 4, 1893, primarily as a "sub rosa" society but after October 1, 1893, as a local Fraternity. Members were drawn from all classes, the roll being, '93, one; '94, three; '95, five; '96, four; '97, seven; '98, four.

The object of the organization, adhered to from the start, is indicated by this petition. The existence of these qualifications in a student has been necessary for even a consideration of him as a member, viz.: good character, scholarship and social standing, and the society has aimed to limit the membership to influential and congenial men. Our aim, as has been stated, is to become a Chapter of the Psi Upsilon Fraternity. We pledge ourselves to build a twenty thousand dollar Chapter house upon the granting of the Charter.

The Psi Upsilon Alumni Association in this city has over seventy members, about fifty of whom are resident in the city. The feeling is general that these should be brought into closer fraternal relations, and this movement is receiving the earnest and unanimous support of the Alumni Association. If your honorable body shall deem it wise to grant our petition, we shall, on our part, endeavor, by the erection of a club house and the establishment of a strong Psi Upsilon Chapter, to unite the interests of the Fraternity centering here, and thus to strengthen Psi Upsilon.
being situated midway between Cornell and Ann Arbor makes it a most desirable location for a Chapter of the Psi Upsilon.

Respectfully submitted,

LAMBDA KAPPA.

Psi Upsilon Convention, Clinton, N. Y.,

Gentlemen:—We, the undersigned, members of the Excelsior Literary Circle of Colgate University, feeling that there is room for another Greek Letter Fraternity in our University, feeling the need of a closer bond of union which shall unite us to one another and to the College world, recognizing in Ψ. Τ. a fraternity that has had a glorious and honorable past, and has the promise of a bright future, and believing that, with the present progressive spirit of Colgate, we can support a successful Chapter here, respectfully petition your honorable body to grant us a charter to establish a Chapter of the Ψ. Τ. Fraternity in Colgate.

To the Executive Council of the Psi Upsilon Fraternity:

Gentlemen and Brothers:—I desire to submit to you and through you to the Convention (if you think best to lay this communication before that body) a supplemental report in regard to the work of the Committee on Heraldry and Ritual. The late date at which the action of the Chapters in regard to their coats of arms was taken has prevented the laying of this paper before my fellow members of the Committee, but, as will be seen from what follows, this is not specially important.

1. The coat of arms, the flag and the Executive Council seal, adopted by the last Convention, have been suitably engraved, and the cuts thereof will be forwarded to the Council, as contemplated by the resolutions passed last year, by the engraver employed by the Committee.

2. In accordance with the recommendations of the Convention, designs for Chapter coats of arms, after the general plan reported by the Committee, have been prepared, and have been submitted to all the Chapters, designs for the two inactive Chapters being also made. With the exception of the Lambda Chapter from which no reply has been received, all the Chapters have adopted coats of arms, and their formal certificates to that effect are herewith forwarded to the Council. It may be considered, therefore, that the work of the Committee in this regard is ended. How valuable the results obtained by its work will prove, cannot now be known.

3. The cuts of the Chapter arms, twenty-one in number (including also a cut of the design recommended for the Lambda) have been prepared, and the artist who made them has been instructed to forward them to the Council. The suggestion is made that these cuts be kept for use in future editions of the Fraternity Catalogue, where they should displace the inartistic and incongruous Chapter cuts hitherto used.

4. It will be observed that the requirements of the Resolution passed by the last Convention have been complied with by the engraver, and that he is entitled, upon delivery to the Council of the plates above mentioned, to payment therefor. It is proper to add that the amount of time spent and of work done by Mr. Wood is out of all proportion to the sum named in the Resolution. He has repeatedly re-drawn designs, and re-engraved cuts, and has assisted in every way toward bringing the Committee’s labors to a satisfactory conclusion. While the cuts are not so fine as steel plates would be, they are sufficient for most purposes, and had to be made in order that the designs might be studied as a whole.
5. The special disbursements made by the Chairman of the Committee in securing expert advice, in procuring drawings and Heraldic plates, and in postage upon letters, (hundreds of which have been written in the course of the work) as well as in other ways too numerous to specify, have amounted to $351.77, reaching over a period of several years. This sum the undersigned regards as his personal contribution to the work, and to the Fraternity.

6. It is seriously advised that before procuring steel plates for these arms some consultation be had with the members of the Committee. The arms as used in the College Annuals should be of uniform size, and should be carefully executed. Little points not brought out in the etchings recently made should be attended to. The subject is one of considerable intricacy and importance.

II.

1. The subject of a uniform Ritual was also entrusted to the Committee. Progress in this regard has been slight. It was intended that the arms and emblems of the Chapters should be exemplified in the Ritual; but as the adoption of the arms by all but one of the Chapters has occupied most of the year, the Ritual had to remain in abeyance. The members of the Committee reside one in Kansas, another in North Carolina, the third in Michigan. A meeting has been out of the question. So far as the Chairman is concerned his time has been so taken up with the first branch of the Committee’s work that he has had little for the second.

2. But a large amount of material has been collected, the usages of the different Chapters have been learned, and the opinion also of many members have been gathered. It has become clear that the preparation of a Ritual that will receive unanimous approval from the Chapters is not within the power of this Committee, perhaps not of any Committee. The undersigned feels that he should be released from further duty in a matter which requires a change of the Constitution, and which therefore necessitates an almost unanimous approval—an approval that cannot, under present circumstances, be secured. I remain,

Yours fraternally,

ALBERT P. JACOBS,

Detroit, April 29, 1895. Chairman Committee on Heraldry and Ritual.
[Extract from General Resolution No. 3 of the Convention of 1894.]
