General Resolution No. 8 was then refused a second reading.

The chair appointed as a committee on the communication from the Executive Council, Marshall (Δ), Eastman (Φ), Matthews (Θ). As committee on nominating for Executive Council, Benton (Β), Matthews (Θ), Wyman (Ω).

General Resolution No. 1 was then taken from the table and passed by a vote of 9 to 4.

Bro. Coffin (Ζ) reported, as chairman of committee on Resolution No. 7, that it was believed by the committee that any proposal for a uniform system of literary exercises for all the Chapters would be neither desirable nor warranted by the Constitution, but that an interchange of ideas upon the subject by all the brothers would be highly beneficial.

Committee on New Business reported unfavorably on General Resolution No. 5. Refused a second reading.

Committee on New Business offered as a substitute for General Resolution No. 2, the following Resolution:—

Resolved, by the General Convention of the Psi Upsilon Fraternity, That the matter of the Psi Upsilon poster be referred to a special committee of three, consisting of Toll (Ψ), Fish (Y), Rider (Θ). This committee to report at the next convention.

Resolved, by the General Convention of the Psi Upsilon Fraternity:
Sect. 1. That annually upon receipt of the Convention Records, the Executive Council shall cause the same to be printed with the accompanying documents, and that they shall furnish of the number of copies so printed not more than three to each Chapter.

Sect. 2. The Council is authorized to defray the expenses of such printing from the Convention Fund or by special assessment.

This resolution also voted a second reading, and passed unanimously.

The special committee on the duties and powers of the Executive Council then reported through their chairman, Bro. Toll: "That they deemed the powers of the Executive Council to be plainly limited to the Executive Department, and that they recommend that some change in the Constitution on this point be taken into consideration by the Convention." Report accepted.

A motion was made by Bro. Benton, that the Convention take a recess of half an hour. Carried.

General Resolution No. 13 was then brought forward.

Resolved, by the General Convention of the Psi Upsilon Fraternity, That the Constitution be amended in Art. II., Sect. 2, by striking out the words: "And from this as much as shall be deemed equitable by the Executive Council shall be voted to
the Chapter holding the Convention;" and inserting the words: "To be appropriated solely for the payment of Convention expenses."

On motion, the Convention voted to go into a committee of the whole on the resolution. Committee reported adversely. The resolution refused a second reading, by a vote of 7 to 5.

The Committee on the Annual Communication from the Executive Council, then reported as follows:

That, having examined said report, the Committee deem it satisfactory, and recommend it for acceptance.

As to business done, the communication shows the energy and good judgment of the Council, as well as their interest in the welfare of the Fraternity.

The Council present the following matters, which, in the opinion of the Committee, demand the attention of the Convention:

1st. That the Convention Records be printed under the direction of the Executive Council; the expense to be paid from the Convention fund.

2d. That the qualifications for membership be better defined by the Constitution, so that none but bona fide members of the college or university be admitted as members of the Fraternity.

3d. That the Chapters observe greater promptness in regard to the payment of the assessments of the Council.

4th. That the assessment of 33½ cents per capita be levied on the Fraternity for the payment of the expenses of the Council for the year 1872-73.

Your Committee find the report of the treasurer correct in all respects.

Your Committee would further report that they find that the Theta Chapter has explained the initiation of members of Cornell University to the satisfaction of the Committee.

And from the explanation of the delegate from the Θ, your Committee find that there is a mistake somewhere in reference to the correspondence between the Θ and the Council.

Respectfully submitted.

[Signed.]

Committee: { F. P. Marshall, Δ W. H. Matthews, Θ S. C. Eastman, Δ

Sect. 3. The amendment adopted by the last Convention to Art. II., Sect. 2, of the Constitution, is hereby annulled.

Bro. Eastman then brought forward General Resolution No. 15.

REPORT OF THE EXECUTIVE COUNCIL.

New York City.

TO THE THIRTY-NINTH ANNUAL CONVENTION OF THE PSI UPSILON FRATERNITY.

The Executive Council of the Fraternity would respectfully submit the following report:

It gives the Council much pleasure to congratulate the Fraternity upon its continued prosperity. Several Chapters are building halls, and all report themselves in good condition. There seems to have been a slight falling off in the number of our active members since last year, but our welfare does not depend upon our having any particular number of men. An exhibit of the active membership is given below.

It afforded the Council much satisfaction to report the ratification of the two amendments to the Constitution, which were proposed at the last Convention. In accordance with the amendment raising a Convention Fund, the Council assessed the Chapters, but the returns have not been as prompt as we hope they will be in the future.

A petition was received by the Council from certain parties in Cornell University, asking for a Chapter of the Fraternity. It will be remembered that only one year ago a petition from the same persons had been refused by the action of the Chapters. Remembering this, the Council did not think they would be justified in referring it again to the Chapters, unless a change had taken place in the University. In order to procure correct data upon which to base their opinion, the Council sent a committee to Cornell. Upon hearing the report of this committee, and upon information otherwise procured by the several members of the Council, it was decided unanimously not to refer the petition to the Chapters. The petition and accompanying papers were accordingly returned to the petitioners.

During the past winter the Council have spent much time and labor in organizing an association called The Alumni of Psi Upsilon. Their efforts have been crowned with success; and as many of you know, a very pleasant reunion of the Association was held at Delmonico's, in February last. This Association promises to be of great importance to the Fraternity, as it is not merely a gathering of citizens of New York, but, as it expressly declared, it is the Alumni Association of the whole Fraternity.
In accordance with the request of the Convention, the Council have considered the subject of printing the minutes. The Council are very much opposed to the present mode of preparing the minutes, and earnestly urge the following plan:—

The minutes, properly certified, shall be immediately sent to the Executive Council. The Council shall have these minutes printed, shall examine and stamp with the seal of the Council each copy, and shall be responsible for their correctness and for their safe delivery to the Chapters. The Council believe that by this means the Chapters can have a copy of the minutes in a very short time after Convention, and that all mistakes will be avoided.

Early in the year the Council were informed that several students in Cornell University had been initiated, contrary to the ratified ordinance of the Fraternity, as members of the Fraternity by the Θ and Ψ Chapters. The Council wrote for information upon this point to those Chapters, which letter was never noticed by the Theta. The Council thinking such a direct violation of the expressed opinion of the Fraternity, as contained in the Ratified Ordinance No. 3, should not be passed over, refer the whole matter to the Convention. The Psi answered the letter of the Council, and stated that they had decided unanimously to change their by-laws, so that the same thing should never reoccur.

The Council deem it of great importance that the qualifications for membership should be better defined. As the Constitution is at present worded, there is room for a difference in opinion of membership qualification. The Council thinking that all the Chapters should have the same rules, urge that an amendment be made to the Constitution, to the effect that no person, not a bona fide member of the college or university where the Chapter may be located, shall be eligible to membership in the Fraternity.

The Council wish that the Chapters would be more prompt in sending in their returns for membership. It was intended that the Council should publish supplementary catalogues, but this has been rendered impossible by the tardy and inaccurate returns sent to the Council.

The Council also wish that the Chapters would pay their assessments more regularly. The expenses of the Council during the past year have been heavy, and several of the members have been obliged to advance money to carry on its business, anticipating early reimbursement from the prompt receipts of the amounts assessed on the 15th of March. The Convention tax should also be paid as soon as possible. By the Treasurer's Report it will be seen that a large amount is still owing on this account. The object of this tax is to relieve any one Chapter from the whole burden of Convention expenses, but if the tax is not paid to the Council of course they cannot give it to the Chapter holding Convention. Every Chapter, if it held Convention, would expect the other Chapters to assist it, they should therefore be prompt in assisting the others.

The Council ask that an appropriation of 33½ cents per capita be levied on the Fraternity to pay the expenses of the Council.
Attention is called to the Report of the Treasurer, which the Council refer to with much satisfaction, showing as it does that the money entrusted to us has been wisely expended.

All of which is respectfully submitted to the Convention.

F. A. BROWN, W. F. MORGAN,
Secretary. President.
