It was moved, seconded and passed that the report be accepted.

The Committee on New Business submitted the following report and resolutions, which resolutions were duly adopted:

I. Resolved: That the more popular songs of Psi Upsilon be made into Victor records. Be it further resolved: That Bro. Corcoran be instructed to inform Bro. Werrenrath and Welles of the desire of the Convention that they make these records.

II. Resolved: That the Executive Council appoint the time and place for the next convention. This resolution was amended to read that the next convention be held with the Pi subject to appointment of another chapter by the Executive Council if the Pi is unable for any reason to hold it there. The date of the convention is to be set by the Executive Council.

III. Resolved: That in view of the very great expense to which the Theta Theta and Epsilon are subjected in sending delegates to the national convention the Executive Council be empowered to pay to those chapters a sum not exceeding one hundred fifty dollars ($150) in each year on the receipt by the Council of vouchers from these chapters.

IV. Resolved: That the Ninety-first Year Convention give a rising vote of thanks to the Chi Chapter for the very excellent manner in which the chapter has handled the convention and the splendid entertainment accorded the delegates.

V. Resolved: That in view of the difficulty experienced by the editor of the Diamond in compiling material for each issue the chapters be again urged to be prompt in sending in their communication and that more care be taken in seeing that communications are not overlooked entirely.
VI. Resolved: That the Executive Council pay out of the general fund a sum not to exceed one hundred fifty dollars ($150) to the Epsilon and Theta for the expenses of sending delegates to the 1924 convention.

VII. Resolved, That the Convention authorize the Executive Council to take the necessary steps to put into effect the plan for a Diamond Endowment Fund for the publication of The Diamond, *as set forth in their annual communication to the Convention*, with the power of visitation. Be it further

Resolved, That The Diamond Endowment Fund be collected, invested and its income be used as a contribution toward a publication under such regulations as the Executive Council may from time to time establish. And be it further

Resolved, That each chapter shall permanently add Ten Dollars to the initiation fee of each member elected, which shall entitle such member to a life subscription, which shall be collected, kept separate and forwarded promptly to the Executive Council for The Diamond Endowmen Fund. And be it further

Resolved, That each chapter shall collect Ten Dollars from each present member, which shall entitle such member to a life subscription, which shall be kept separate and forwarded promptly for The Diamond Endowment Fund. And be it further

Resolved, That these taxes shall take effect on the opening of the college year in the autumn of 1924.

VIII. Resolved: That the Convention empower the Executive Council to appoint a national master of rolls whose duty shall be the continual maintenance of the accuracy of our catalogue. Be it further resolved that each chapter appoint one alumnus master of rolls and two undergraduate assistants.

IX. Resolved: That in considering candidates for election to Psi Upsilon if there be any question as to a man’s home environment, social standing, etc., the chapter should communicate at once with the chapter nearest the man’s home asking that Chapter to look up and report on all facts as regards the candidate. A chapter should seriously hesitate about initiating any man who is objected to by any other chapter.

Be it further resolved that each chapter send out a complete list of pledges within a week after the bulk of the delegation is pledged. This may be a type-written list.

Be it further resolved that the Executive Council make an annual check on this matter by means of a chapter letter directly before rushing season.

It was recommended that more care be used in the matter of making expulsions, as it is felt that an extended suspension will in many cases accomplish
A more satisfactory result. It is further recommended that in any case the matter be referred to the Executive Council; and that the alumni cooperation in the matter be requested.

It was furthermore recommended that the committee go on record as favoring the resumption of chapter letters, and that the second vice-president of each chapter be in charge of the drafting of such letters.

It was furthermore recommended that a schedule for the writing of such letters be made and sent to the respective chapters. Brother Dickson of the Omega has signified that the Omega will assume responsibility for making the schedule for the ensuing year. The recommendation was made as it was felt that the chapter letters were more private than The Diamond communication.

It was also recommended that the Report of the Treasurer be accepted, approved, and incorporated into the minutes of this convention. A motion to that effect was duly carried.

It was recommended that there be a closer cooperation between the parents of the men in the chapter, and the active members, particularly if the studies of some of the active members are low; or in view of the fact that some of them may not live at the fraternity house.

It was moved, seconded and passed that the convention take a ten minute recess.

Meeting was called to order after recess by Brother Stevens.

The following resolution was adopted by the Convention:

Resolved: That in view of the wanton violation on the part of a few delegates of the injunction of the Executive Council as to the use of intoxicating liquors, which injunction has the full moral support of our fraternity, the chapters of our fraternity shall hereafter consider themselves in honor bound to send only delegates who are in full sympathy with these instructions of the Council.

It was moved, seconded and passed that the convention resolve itself into a Committee of the Whole with Brother Corcoran in the chair to discuss the subject of future conduct at conventions.

Brother Stevens called the meeting to order.

Brother Stevens spoke on the question and advisability of keeping the Shrine Song for special Psi Upsilon functions.

A telegram was read from Brother Walter T. Collins expressing his regret at not being able to attend the convention.

The convention adjourned at 1:22 P. M.

Recorder.
Appendix A.

ANNUAL COMMUNICATION OF THE EXECUTIVE COUNCIL TO THE 1924 CONVENTION.

At this Convention of the Ninety-first Year of our Fraternity, the Executive Council extends its congratulations and felicitations to the chapters upon their preservation of the high ideals and excellent personnel of our Fraternity. The reports received from the various members of the Council who have visited different chapters over the past year are most gratifying and show the Fraternity to be in a prosperous condition.

RECORDS: The compiling of facts for the supplement to the general catalogue has demonstrated that some of the chapters are becoming rather careless as regards their records, and the Council feels that some arrangement should be made by which the Fraternity should be certain every year that the records of each chapter are in good form. There should be an alumnus master of the rolls and two undergraduates for each chapter.

The Council recommends that the Convention empower the Council to appoint a national master of the rolls whose duty shall be the continual maintenance of the accuracy of our catalogue.

SCHOLARSHIP: While in our last communication the Council set forth the necessity for raising the standard of scholarship, we would again emphasize and hope that the committee will devise ways and means by which this may be obtained. The scholarship standing of Psi U in the various institutions where we have chapters is none too gratifying and something must be done to place every chapter of Psi U among the upper half in scholarship ranking.

DIAMOND: Report of the Executive Council's Committee on The Diamond.

The Executive Council having recognized that the value of the restored Diamond has been demonstrated to the entire fraternity, unanimously decided that the publication should now be placed on a permanent basis.

Therefore, the Executive Council at its meeting on March 6th, 1924, appointed Brothers Houston, Babst and Corcoran, as committee to study the present status of The Diamond and to report to the Council its suggestions as to means and methods desirable to be presented to the Annual Convention for a permanent basis of support for the continued publication of The Diamond. The Committee begs to report as follows:

1st. The Committee considers the revival of The Diamond now in its fourth year an outstanding success and widely appreciated by the undergraduates and alumni as evidenced by its 2500 subscribers.
2nd. That in its judgment The Diamond merits the support of the Annual Convention and of permanent financing along lines found successful with similar publications and briefly as follows:

a. By the establishment of life subscriptions for $10.00, to be included by each chapter in its initiation fee, and by a similar subscription by each sophomore, junior and senior as of October 1st, 1924.

b. By voluntary life subscriptions of $10.00 to present alumni subscribers and as absolute terms to all other alumni as of October 1st, 1924.

3rd. Such a plan is estimated to yield a capital publication fund of at least $12,000 by October 1st, 1925, which will be added to each year by subsequent life subscriptions of initiates and alumni thus providing a growing endowment that will insure the permanency of The Diamond.

4th. It is recommended that the publication be established in corporate form and that the endowment funds be invested under such authority as the Convention may designate.

Note of Explanation—It will be necessary to build the capital fund from the subscriptions from alumni and the undergraduates excepting freshmen who make payment in 1924. Thereafter, the necessary portion of the sum received each year from the freshmen will be available to pay for the running expenses until the capital is sufficient.

Respectfully submitted,

EARL D. BABST,
HERBERT S. HOUSTON,
R. BOURKE CORCORAN.

ELECTION TO THE COUNCIL: The Council would call attention to the fact that the terms of President Herbert L. Bridgman, Camma '66, and Secretary Emmett Hay Naylor, Zeta '09, expire at this Convention. Therefore, it will be necessary for the Convention to elect two members to the Executive Council.

NECROLOGY: Since the last Convention among prominent alumni that Psi Upsilon has lost are Brothers James M. Gilbert, Pi '75, member of the Executive Council from 1882-1883, and Austin M. Poole, Delta '87, member of the Executive Council from 1909-1923.

The Council deeply regrets the passing of these alumni and active Psi U’s as well as the death of other Psi U’s which have been reported in The Diamond, that being the method which the Council feels is much more prompt and thorough than the annual notification in this communication.
Chapter Initiates: In considering candidates for election to Psi Upsilon, if there is any question as to a man’s home environment, social standing, etc., the chapter should communicate at once with the chapter nearest the man’s home asking that chapter to look up and report on all facts as regards the candidate. A chapter should seriously hesitate about initiating any man who is objected to by another chapter.

Expulsion: The Council takes occasion again to call the chapters’ attention to Article VI, Section 8, of the Constitution and by-laws, and, in addition to this provision, would indicate that there must be notice given to the man to be expelled, of the chapter’s intention to act, with charges and specifications clearly stated, and a hearing in defense must be held. Grounds for expulsions should be such as are set forth in the Constitution and by-laws, or such other grounds which are clearly destructive of and a violation of the fundamental objects of the Fraternity. The Council, in addition, would advise a moderation in the use of the penalty of expulsion as in many cases suspension will often better serve the purpose.

Songs: As Psi Upsilon is chiefly a society of the spirit and as songs are the vocal expression of that spirit, the Council would urge a greater respect for, and more singing of, our Fraternity songs. Care should be taken that these songs are not sung to various tempos but should all be sung with dignity and reverence at the metronome time indicated at the top of each song in the official song book. After an undergraduate becomes an alumnus he appreciates that one of the most beautiful memories he has of Psi U and one of the strongest bonds which binds him to our Fraternity is his knowledge of, and reverence for, our various songs.

Petitions: In accordance with the vote of the last convention, the Council wishes to report that a vote of the chapters was taken on the petition of Pi Upsilon Society of the University of Kansas, and that vote is as follows: For 10; Against 16.

The Council is again in receipt of another petition from the Pi Upsilon Society of the University of Kansas which it respectfully submits to the Annual Convention.

The Council wishes also to call again to the attention of the Fraternity a petition which has been received from the Wranglers of Northwestern University.

Conduct at Conventions: In view of the restrictions as set forth by the Constitution of the United States supplemented by the Volstead Act, and the regulations as enforced by local authorities, the Council would not only urge, but, in so far as lies within its power, would insist that all brothers, both under-
graduates and alumni, at any convention, refrain from the use in any way whatsoever of intoxicating liquors. It must be remembered that any indiscretion reflects not only on the Fraternity but especially on the chapter where the Convention is being held.

GRADUATION: The attached table shows the relative standing of the active classes of each chapter of the Fraternity.

The Council regrets that in many instances chapters show a decided falling off in the delegations between freshmen and senior years, not so much due apparently to low scholarship as to leaving the college or university to enter business.

Again the Council would emphasize that a chapter can best be judged by the size and standing of its senior delegation and that no man, no matter how good he may be, should be initiated into Psi Upsilon unless there is a reasonable assurance of his graduation. Four years is all to short for a man to be imbued with the spirit and the tradition of Psi Upsilon and he can reflect no better credit upon the Fraternity than to graduate with his delegation with scholastic honors.

Respectfully and fraternally submitted,

EXECUTIVE COUNCIL,
E. H. Naylor,
Secretary-Recorder.

Approved April 26, 1924.

REPORT OF THE TREASURER, 1924

The last Annual Report of the Treasurer showed among Expenditures from the General Fund, an inventory charge-off of $351.37, representing the sheets of 500 unbound song books which in their unsalable form represented no real cash asset value.

During the past year these have been compiled and bound, and the words and music of the Rho Owl Song have been added; in the attached Report of the Treasurer will be found under Income Accrued to the General Fund an item of $725.00, under Adjustment of Inventory, covering write-up of 500 copies of song books rebound and salable. This amount together with the cost of compilation and rebinding $275.00, charged to Song Book Account during the year, gives a total of $1,000, the sales value of 500 copies. Both song books and catalogues are carried at sale value of $2.00 per copy.

During the year the remaining copies of the old song books have been sold and 85 copies of the newly bound edition, leaving a balance on hand of 415 copies.

The write-offs, under Expenditures, of the General and Convention Funds, referring to the Beta Chapter and amounting to $144.50 and $25.50 respectively, are in accordance with resolution passed at last year’s Convention, these amounts representing the accrued tax for 1922 as pertaining to members of the Senior delegation of that year.

Respectfully and fraternally submitted,

WALTER T. COLLINS,
Treasurer.
