Brother Charles P. Spooner, Rho '94, a member of the Executive Council made a brief statement explaining the modest income and expenditures of our Council; he said that the national dues of our undergraduates were the lowest of any fraternity ($4.00 per year per man) and this was made possible by the fact that the officers and members of the Executive Council gave their services whereas in all other fraternities we know about they have one to a number of members who received regular salaries.

The Convention Rules of Psi Upsilon as adopted April 7th, 1892 and as amended in 1909 were then read by the Secretary of the Executive Council R. Bourke Corcoran, Omega '15. President Stevens then suggested that these rules be amended as follows:

MINUTES OF THE MEETING OF THE COMMITTEE OF THE WHOLE

WEDNESDAY, NOVEMBER 22, 1933

Brother Charles P. Spooner called the meeting to order at 3:30 P. M.

Brother Corcoran introduced Mr. Corbett, representative of the Wranglers, who presented such data and information as he felt would support the Wranglers' fitness for a charter from Psi Upsilon. Following his address he answered a number of questions which were asked by a number of members of the Committee. He then withdrew.

Brother Spooner related the experiences of the Rho Kappa Upsilon Society many years before in their effort to secure a charter, which ended in the establishment of our present Rho Chapter.

Brother Corcoran then presented Mr. C. J. Armstrong representing Alpha Kappa Alpha. Mr. Armstrong gave such information and data in his address concerning his Society and the University of British Columbia as he felt would support their petition for a charter. He also answered a number of questions which were asked by members of the Committee. He then withdrew.

On motion duly made, seconded and passed, it was voted to reconvene the Executive Session of the Convention.

AFTERNOON SESSION (Continued)

President Stevens took the Chair and called the meeting to order at 4:35 P. M.

The session was then opened for an informal discussion of the petitions, as the Committee on New Business had not, as yet, held a meeting to present their recommendations.

Discussion both favorable and unfavorable on these two petitions followed.

The Secretary of the Executive Council read a telegram of greeting from Brother Earl D. Babst, Iota-Phi '93; also a letter from Brother Ralph W. C. Shull, Mu '09 of Beverly Hills, California, regarding the status of the University of California, Los Angeles Branch for a prospective charter of our Fraternity. The latter was referred to the Committee on New Business.

It was moved, seconded and voted to adjourn until Thursday morning, November 23 at 10:00 A. M.

ANNUAL COMMUNICATION
OF THE
EXECUTIVE COUNCIL OF PSI UPSILON
TO THE 1933 CONVENTION OF THE FRATERNITY
HELD WITH THE THETA CHAPTER
NOVEMBER 22 AND 23, 1933
IN CONNECTION WITH THE CENTENNIAL CELEBRATION OF THE FRATERNITY HELD ON NOVEMBER 24, 1933.

This Convention of Psi Upsilon is unique in the Fraternity's annals, in that it is held in November rather than in the Spring and will lead up to and merge into our Centennial Celebration on November 24th. All other conventions, while attended by many of our alumni, seem of less importance compared to this one which brings together more undergraduates and alumni than any in our history and prepares for the fitting celebration of the end of the first century of Psi Upsilon's existence. During that long period since the inauguration of annual conventions, only two years have passed without a meeting of the delegates from the undergraduate chapters, 1842 and 1917.

It will be for this Convention to determine whether we will resume the normal course of Spring Conventions in 1934 or will make some other disposition of our annual meetings. At the present time the Beta Beta Chapter is ready to accept this Convention; should it not be a short two day gathering with but one delegate from each Chapter, in view of economic conditions, rather than to allow a year to lapse?

VOTE ON PETITION: By resolution of the 1932 Convention, the petitions of "The Wranglers" of Northwestern University and of the Alpha Kappa Alpha Fraternity of the University of British Columbia were submitted to the Chapters of our Fraternity for appropriate action, with the instruction that such action be taken and reported to the Executive Council before the close of the current college year. The result of the action of the Chapters on these petitions was as follows:

"The Wranglers" petition—favorable 16; unfavorable 10; not voting 1.
Alpha Kappa Alpha petition—favorable 18; unfavorable 8; not voting 1.

It seems to the Executive Council that perhaps our Chapters, in considering petitions for Psi Upsilon Charters, are overlooking one vitally essential matter, that is that the basis for the choice of a new chapter is the same, fundamentally, as the basis for the choice of members of a chapter. It must be remembered that the granting of a charter to a group of petitioners even-
prior to the Centennial over 2700 changes of addresses were received by us and in the last issue of the "Diamond" we published a list of approximately 650 Brothers for whom we had no correct address.

We cannot impress too strongly upon the Chapters the necessity of maintaining an accurate list of their own alumni and of co-operating with the Alumni Association and the Executive Council in this regard.

The Diamond: Since the last Convention of the Fraternity seven issues of the "Diamond" have been sent out; the November 1933 issue being sent to all members of the Fraternity. We are pleased to state that the cost of publishing these issues, together with the other expenses of the "Diamond", has been $333.84 under the income received for the "Diamond". This has been made possible through curtailing the size of the issues and the number of inserts and cuts used. Likewise, we have omitted from the January and June numbers of each year the Chapter Communications purely as a matter of economy. The facts are that the surplus remaining from the cost of publishing the "Diamond" since the last Convention is greater than indicated in the Treasurer's report, due to the fact that collections from the Chapters of their "Diamond" subscription fees between November 1st and the time of the Convention amount to over $700, which will be available for future years. In addition to the cost of publishing the magazine, the "Diamond" bears one-third of the expense of maintaining the headquarters office of the Fraternity and a like portion of the salary of the stenographer in the office.

The editor of the "Diamond", Brother Corcoran, has just resigned, having published all numbers of the "Diamond" since its revival in 1920. He bespeaks the continued co-operation of the Chapters and Alumni Association for his successor in this labor of love.

The Centennial: In view of the fact that we are now in the home of our Mother Chapter and in the atmosphere of the Centennial Celebration, which will take place throughout the day and evening of November 24, now only two days away, and that the whole Fraternity, through the medium of the latest issue of the "Diamond", has been informed of the details of this One Hundredth Anniversary of Founders Day, it is unnecessary to go into it further at this time. The co-operation of the new Alumni Association of Psi Upsilon, of the Theta and its Centennial Committee, of the members of the General Centennial Committee of the Fraternity and of all of our alumni upon whom we have called, in preparing for this great event, is gratefully acknowledged by the Council.

Election to the Executive Council: We hereby call the attention of the Convention to the fact that the terms of Edward L. Stevens, Chi '99, and LeRoy J. Weed, Theta '01, will expire at this Convention; moreover, by the amendment passed by the 1932 Convention an additional member is to be elected by this Convention. Brother Stevens, our President for five years past and a member of the Executive Council since May, 1911, definitely

Page Fifteen
requests the Convention not to consider his name for re-election. Brother R. Bourke Corcoran, our Secretary since 1930 and a member of the Executive Council since 1920, has presented his resignation both as Secretary and as a member of the Council, to take effect immediately after the close of this Convention and Centennial Celebration. Both Brothers Stevens and Corcoran have continued their Council membership longer than they would otherwise have done, solely in order to participate actively in preparing for our Centennial and seeing it through. They realize that there are very many members of Psi Upsilon who are deeply interested in working for our Fraternity and who will welcome an opportunity to serve on the Council in their place.

It is, therefore, necessary that this Convention elect three brothers to serve on the Council for the usual term of five years, and one to serve until the Convention of 1935.

**OFFICIAL CHAPTER VISITS:** In addition to numerous informal visits to our Chapters, the following official Chapter visits have been made since the Convention held in April, 1932:

New assignments have already been made by the Council for ten new official chapter visits during the current college year.

**ANNUAL TABLE OF VITAL STATISTICS:** The usual Table of Vital Statistics is herewith submitted to the Convention and printed copies will be distributed to all in attendance. We suggest that this report be given careful study.

**PETITIONS:** This year the Council has received petitions from the following organizations for charters in Psi Upsilon:

“The Wranglers”—Northwestern University.

Alpha Kappa Alpha—University of British Columbia.

and they are submitted herewith for your consideration.

**CORRESPONDENCE:** The Secretary of the Council and also the Treasurer wish to reiterate their pleas of former years for more careful attention by the Chapters to official correspondence. Some of the Chapters are very prompt and thorough in complying with requests of these two officers; however, there is ample opportunity for vast improvement on this subject. The main diffi-
ulty is that mail and telegrams to the Chapters are opened by others than the proper officers and due to carelessness these messages get misplaced.

Each Chapter should provide in their house a locked mail box where official mail may be placed. We do not wish to give over-emphasis to this, but may we recall to your minds that our Secretary and Treasurer give a great deal of their time to the affairs of Psi Upsilon and merit consideration from our Chapters.

CONDUCT AT THE CONVENTION: The Executive Council does not feel that it is necessary to dwell upon the conduct expected from undergraduates and alumni at this Convention. For one hundred years the ideal of Psi Upsilon has been friendship between gentleman of similar high ideals and the traditions of Psi Upsilon will, we know, be maintained in this regard as in all others at this Centennial Convention.

APPRECIATION: The Executive Council appreciates deeply the splendid and tireless work of the Theta Chapter, undergraduates and alumni alike, and especially of the Theta Centennial Committee, in planning for the comfort and entertainment of the members of Psi Upsilon at this Convention and the Centennial Celebration which is to follow it. Without their loyalty and devoted labor, it would have been impossible to plan and provide for this greatest of all Psi Upsilon gatherings.

Respectfully and Fraternally submitted,

The Executive Council of Psi Upsilon, by

R. BOURKE CORCORAN, Omega, '15, Secretary.

Approved: EDWARD L. STEVENS, President.
The attention of the Convention is respectfully called to the fact that the postponement of the Annual Convention from last Spring to the 22nd of November, because of the Centennial, has considerably lengthened the period covered by this report, from one year to twenty months. Consequently, the receipts and expenditures listed are not comparable with those in the usual annual Treasurer's report. For example, six issues of the "Diamond" were published in contrast to the usual four.

Your Treasurer would also like to call the attention of the Chapters and Alumni to the Psi Upsilon song records which are still available. Of the original 500 sets purchased there remain slightly less than half. The Brothers who possess these sets have most enthusiastically expressed their approval, and we would remind you that when the supply is exhausted, there will probably be no further opportunity to obtain them.

In passing it is worthy of note, that in the face of appalling changes in valuations during the past few years, which have wrecked banks, insurance companies and personal fortunes, we are indeed fortunate to still maintain a measure of solvency considerably in excess of the average.

In conclusion I wish to express to the undergraduate treasurers of the Chapters my sincere appreciation for their splendid co-operation.

Respectfully submitted,

KENNETH A. O'BRIEN, Sigma '28, Treasurer.
